- Allows the use of your home telephone, even during a power failure.
- Ability to re-program unit to contact different people in an Emergency.
- The most Trusted brand of personal alert systems in Australia.
- Can make contact with Triple Zero even if your Landline or NBN fails or if the SIM card has no credit or is missing.
- Operates via Landline, NBN or the 3G mobile network.
- Simple to set up, uncomplicated and Simple to use.
- AUSTRALIA'S MOST FLEXIBLE ALERT SYSTEM**
Choose to have your system monitored by family or friends with no ongoing monitoring fees OR through a 24/7 security monitoring centre. You can also decide to activate temporary monitoring when circumstances require it.

Features

The CareAlert system is very flexible because it utilizes 3G/4G mobile technologies, Internet (VOIP) and standard telephone services providing flexibility in operation and usability.

1. As long as you have mobile signal you can call for emergency help with the simple press of a button or radio pendant.
2. Able to alert friends and family or a monitoring station (if you elect to take up one of our care packages).
3. Can attach a standard phone and actually make and receive telephone calls.
4. Has a large capacity back up battery which complies to Australian Standards document AS4607 for approved medical alerting systems.
5. With additional devices the system can be used as a security system which can be programmed to alert you of an alarm via your mobile phone.
6. Can be programmed to alert 000 emergency services.
